Waiver and Draft Prices

Waiver Price is	$20,000
Major League Draft Price is	25,000

FREE AGENT DRAFT RULE: Major league and National Association clubs participate in two meetings a year for the purpose of drafting free agent player talent. Selection of a free agent entitles the club to the exclusive right of negotiation with the player for a specified period (from the date of selection until 15 days prior to the next draft meeting). Draft meetings are held in June and January.

There are two phases to each draft meeting:

(1) Regular Phase: Clubs choose in inverse order of major league standings, selecting free agents and previous draftees who had not signed contracts but had instead enrolled in four-year colleges and since had either completed his junior year or become 21 years of age. . .Each organization may select only one player for each of its major league, AAA and AA rosters but is not limited to the number of picks for "A" level. . .Minor league clubs select in the same relative order as their parent clubs.

(2) Secondary Phase: Selection of free agents who had been drafted previously but who had not signed contracts before the negotiation right expired (except those draftees who had enrolled in a four-year college and had since graduated or become 21 years of age — now drafted in Regular Phase). . .It is possible for a club to redraft a player whom it had been unable to sign after the original selection, but only with the express written consent of that player. . .The order of selection is by lot with the 26 major league clubs divided into two 13-team groups with the groups alternating having first selection in respective drafts.

If a club fails to sign a drafted free agent, its exclusive right to negotiation will expire on a specified date (see below). . .Such a player then becomes eligible to be selected at a subsequent date in the secondary phase of the draft.

Date Selected	Rights Expire
Winter Draft	15 days prior to Summer draft
Summer Draft	15 days prior to Winter draft

REGULATION GAME: A regulation game consists of nine innings unless extended because of a tie score or shortened because (1) the home team needs none of its half of the ninth or only part of it; or (2) because the umpire-in-chief calls the game after five completed innings. A regulation game may be less than five innings if the home team is ahead after the first of the fifth, or takes the lead or ties the score while at bat in the fifth.

TIE GAME: A regulation game that is called by the umpire-in-chief when both teams have the same number of runs is a tie game. Individual player performances are official and are entered in the records, but the game does not count in the League standings and may be re-scheduled at a later date.

SUSPENDED GAME: A game becomes a suspended game if it is terminated for any of the following reasons: (1) a curfew imposed by law; (2) a time limit permissible under league rules; (3) light failure or malfunction of a mechanical field device under control of the home club (including automatic tarpaulin or water removal equipment; or (4) Darkness because of any law, the lights may not be turned on. No game called because of a curfew or a time limit shall be a suspended game unless it has progressed far enough to have been a regulation game (see above). A game called under either provision (3) or (4) shall be a suspended game at any time after it starts. Note: weather and similar conditions shall take precedence in determining whether a called game shall be a suspended game. A game can only be considered a suspended game if stopped for any of the four reasons specified.

Since 1980, if WEATHER forces the termination of a legal game while an INNING IS IN PROGRESS, it will become a suspended game if either of the following two conditions exists: (1) The visiting team has scored one or more runs to tie the game and the home team has not scored, or, (2) The visiting team has scored one or more runs to take the lead and the home team has not tied the score or taken the lead. If a legal game is tied when called because of weather and neither situation listed above prevails, it is a tie game and must be replayed in its entirety.

Suspended games shall be resumed at the exact point of suspension immediately preceding the next scheduled single game between the two clubs on the same ground. . .If this is not possible, other provisions for resumption are specified in American League Regulation 3.8.

A game called at the END of a completed inning AFTER NINE INNINGS for any reason shall be a SUSPENDED game. This rule became effective in 1969. Formerly, the game would have been declared a tie and replayed in its entirety at a later date.

DISABLED LIST: Pitchers must be on for a minimum of 21 days. All other players may be placed on a 15-day list.

AMERICAN LEAGUE CURFEWS: No inning of an American League night game can start after 1:00 a.m., local time. Any inning started prior to 1:00 a.m. can be completed. Curfews shall be waived for the final game of the season between two teams in each of the cities.

BALTIMORE CURFEW: On week nights in Baltimore, no inning may be started after 11:59 p.m., but any inning in progress at that time may be played to completion. On Saturday nights in Baltimore, all play must stop at 11:59 p.m. regardless of the game situation.

Any game, regardless of length, called because of the time curfew, becomes a suspended game and must be completed from the exact point of interruption before the teams play their next scheduled game against each other.

ITEMS OF INTEREST (Continued)

DEFINITION OF NIGHT GAME: Any game scheduled to start after 6:00 p.m. (i.e. 6:01 p.m., or later), will be considered a night game. If a game is scheduled to start at 6:00 p.m., and is delayed by rain or for any other reason, it will be considered a day game.

However, both games of a twi-night doubleheader shall be considered night games. When afternoon and night games are played on the same date and separate admissions are charged, they will be counted as one day and one night game, and will not be included in doubleheader statistics.

BATTING CHAMPIONSHIP QUALIFICATIONS: A batting champion must have 502 or more actual plate appearances. (The equivalent of 3.1 appearances for each of the 162 scheduled games.). If, however, there is any player with fewer than the required number of plate appearances whose average would be the highest if he were charged with the required number of official at bats, then the player shall be awarded the batting championship.

EARNED-RUN AVERAGE CHAMPION QUALIFICATIONS: To win the earned-on average championship a pitcher must pitch 162 or more innings and have the lowest earned-run average.

FIELDING CHAMPIONSHIP QUALIFICATIONS: A fielding champion must appear in 108 games at his position, except a catcher, who must appear in 81 games.

DETERMINING THE MAGIC NUMBERS: Determine the number of games yet to be played, add one, then subtract the number of games ahead in the loss column of the standings from the closest opponent.

DETERMINING BATTING AVERAGE: Divide the number of at bats into the number of hits.

DETERMINING AN EARNED-RUN AVERAGE: Multiply the number of earned runs by nine, take the number and divide it by the number of innings pitched.

DETERMINING SLUGGING PERCENTAGE: Divide the total bases of all safe hits by the total times at bat. (At bats do not include walks, sacrifices, hit by pitcher, or times awarded first base because of interference or obstruction.)

DETERMINING FIELDING AVERAGE: Divide the total putouts and assists by the total of putouts, assists and errors.

DETERMINING PERCENTAGE OF GAMES WON AND LOST: Divide the number of games won by the total games won and lost.

CONSECUTIVE HITTING STREAKS: A consecutive hitting streak shall not be terminated if the plate appearance results in a base on balls, hit batsman, defensive interference or a sacrifice bunt. A sacrifice fly shall terminate the streak.

CONSECUTIVE-GAME HITTING STREAKS: A consecutive-game hitting streak shall not be terminated if all the player's plate appearances (one or more) result in a base on balls, hit batsman, defensive interference or a sacrifice bunt. The streak shall terminate if the player has a sacrifice fly and no hit.

CONSECUTIVE-GAME PLAYING STREAK: A consecutive-game playing streak shall be extended if the player plays one-half inning on defense, or if he completes a time at bat by reaching base or being put out. A pinch-running appearance only shall not extend the streak. If a player is ejected from a game by an umpire before he can comply with the requirements of this rule, his streak shall continue.

SUSPENDED GAMES: For the purpose of this rule, all performances in the completion of a suspended game shall be considered as occurring on the original date of the game.

"SAVE" RULE: A pitcher shall be credited with a save when he meets all three of the following conditions:
(1) He is the finishing pitcher in a game won by his club, and
(2) He is not the winning pitcher, and
(3) He qualifies under one of the following conditions:
  (a) He enters the game with a lead of no more than three runs and pitches for at least one inning, or
  (b) He enters the game with the potential tying run either on base, at bat, or on deck (that is, the potential tying run is either already on base or is one of the first two batsmen he faces), or
  (c) He pitches effectively for at least three innings.

DESIGNATED HITTER RULE: A hitter may be designated to bat for the pitcher in any spot in the batting order in any game without affecting the status of the pitcher. The designated hitter must be selected and be included on the lineup cards presented to the umpire-in-chief prior to the game. Failure to do so precludes the use of a designated hitter for that game.

The designated hitter is "locked" into the batting order but may be removed for a pinch-hitter or pinch-runner, who in turn becomes the designated hitter. The designated hitter, while still in the game, may be used defensively but the pitcher then assumes the batting order of the replaced defensive player, thus terminating the designated hitter role.

The designated hitter is eligible for all American League batting titles.

The designated hitter named in the starting lineup must come to bat at least one time, unless the opposition changes pitchers.

SCORING RULE ON PINCH-HITTERS: A player shall be considered a pinch-hitter only if he enters the game as a substitute batter and then only on his first time at bat which must be before he becomes a fielder. If the team bats around and a pinch hitter comes up a second time in the inning in which he first appeared he will not be considered a pinch hitter during that second time up.

A substitute hitter for a Designated Hitter is both a pinch hitter and a designated hitter on his first time at bat. On subsequent trips to the plate he is a Designated Hitter only.

EARNED-RUNS RULE: The determination of earned-run is as follows:

'An earned-run is a run for which the pitcher is held accountable. In determining earned-runs, the inning should be reconstructed without the errors and passed balls; and the benefit of the doubt should always be given to the pitcher in determining which bases would have been reached with errorless play.'

Until 1969, the reliever could not be charged with an earned-run if he entered the game after the side could have been retired but for an error, no matter how many runs he subsequently gave up in that inning. Now, runs, scored by batters who reach base off the reliefer are charged as earned on that pitcher's record. They are not, however, charged as earned against the team as a whole. Therefore, a discrepancy may occur between the total earned-runs charged against a team and the sum total of the earned-runs charged against the individual pitchers of that team.

DOCTORED BAT: If a filled or "doctored" bat is used, the player is to be ejected from the game and suspended three days. Any balls hit by an illegal bat do not count. If the umpire sees the illegal bat before it is used, he issues a warning, but there is no penalty.

ITEMS OF INTEREST (Continued)

DETERMINING A "MAJOR LEAGUE YEAR": 172 days constitute a full year in the major leagues.

ROOKIE QUALIFICATION: A player shall be considered a rookie unless, during a previous season or seasons, he has (a) exceeded 130 at bats or 50 innings pitched in the major leagues; or (b) accumulated more than 45 days on the active roster of a major league club or clubs during the period of a 25-man limit (excluding time in military service).

GAME WINNING RBI: The RBI that gives the club the lead it never relinquishes.

TORONTO BLUE JAYS 1983 REVIEW

SPRING TRAINING: The Blue Jays opened the seventh spring training at Dunedin and their second under manager, Bobby Cox. . .For the fifth time in their history they finished .500 or better posting a 16-10/.615 record, a club record. . .They were 9-4/.692 within the friendly confines of Grant Field and 7-6/.538 on the road. . .They also enjoyed a 10-2/.833 record against the National League. . .The club was very sharp offensively, batting .268 with 25 HR's and 106 RBI's with outfielder JESSE BARFIELD leading the way (.296, 4 HR's, 9 RBI's). . .On the mound Al Widmar's staff posted a 3.87 earned run average. . .Leading the way were DAVE STIEB (3-0, 1.96 ERA), ROY LEE JACKSON (3-0, 0.96 ERA) and JIM GOTT (2-0, 0.00 ERA, 21 scoreless innings). . .Blue Jays also set attendance records drawing 27,662 at home (average of 2,305 per game) and 60,461 on the road (average of 4,319). . . Blue Jays also established a Grant Field record when 3,278 fans passed through the turnstiles on Friday, March 18th as the Tigers defeated the Blue Jays 3-2.

THE SEASON: Blue Jays started the season with the second oldest team in franchise history (27.48 years). . .Blue Jays fans knew it was going to be a successful season when they captured the season opener at Boston, 7-1 on April 5th, behind the three hit pitching of DAVE STIEB (7 innings) and ROY LEE JACKSON. . .It was the Blue Jays first opening day victory since their inaugural year of 1977 and their first opening day win on the road. . .Through April 18th, the Blue Jays were 5-6 when the tide began to turn. . .Trailing Cleveland 7-5 going into the bottom of the ninth on April 19th, the Blue Jays scored 4 times on a pair of two-run homers by CLIFF JOHNSON and LLOYD MOSEBY (each with two out) to win 9-7. . .From that point forward, the Blue Jays won 22 of their next 35 games. . .The month of May was the month of destiny for the club winning 18 (more than any other major league club) of 27 encounters, moving into first place by month's end. . .Pitching was the big story in May as the team ERA for the month was 3.17, dropping their overall team ERA to 3.47. . .The pitching staff threw four shutouts including three consecutive between May 21-23 to set a club record (27 shutout innings). . .May also featured three Blue Jays being named American League Player of the Week in successive weeks namely LUIS LEAL (May 9-15), DAVE STIEB (May 16-22) and LLOYD MOSEBY (May 23-29). . .It marked only the 2nd time in American League history that one club had captured Player of the Week honours in three successive weeks. . .The other occasion featured Craig Nettles, Goose Gossage and Ron Guidry of the 1978 Yankees. . .In June the club was once again over .500 (16-22) marking the first time in club history that they had two successive .500 months. . .Stability and a solid 25-man roster were key ingredients in their rise to the upper echelon of the AL East. . .When DAVE COLLINS was placed on the 15-day supplemental disabled list (retroactive to June 4th) with a pulled right hamstring on June 6th, it marked the first roster change for the club and the last major league club to make a roster move in '83. . .Stability and 100% efforts paid off as the club moved into first place on June 24th and would hold or share that position for the next 32 days through July 25th. . .Records continued to fall in June. . .On June 18th against California, the Blue Jays drew 40,150 fans, marking the first time since April 13, 1979 that they had drawn over 40,000. . .Also the club's 19 runs scored in a 19-6 win at Seattle on June 26th was the most scored in one game by an American League team during the year. . .The club also hit 37 home runs in June to set a club mark. . .At the All-Star break, the Blue Jays were alone in first place leading the second place Orioles by one game. . .It was a good omen as 65% of the clubs who were leading their division since divisional play began, ended the season in first place. . .One of the reasons for their rise to the top was the club's ability to stay out of the double play. . .At the All-Star break, the club had grounded into 47 double plays — the fewest in the league. . .On July 17th, the Blue Jays played the 1000th game of the franchise, losing 3-2 to Chicago. . .That loss gave the Blue Jays a 399-601/.399 career record. . .The Blue Jays rebounded the next night winning game #400, as JIM CLANCY went the distance defeating the Royals 8-2. . .Completing a stretch of 46 consecutive games against the West between June 7 and July 27, the club finished with a 27-19 record after which the Blue Jays started a crucial 42 game stretch against the East. . .The stretch would last through September 4th. . .If the club played .500 ball through this stretch and stayed close they would have a chance of finishing first as they completed the season against the West. . .Going into the stretch the club was 55-42, 1-1/2 games behind the Orioles. . .Through September 4th, the club came close to reaching their goal, finishing the 42-game stretch at 20-22. . .However, they found themselves with a 75-64 record in fifth place, 8 games behind the leader. . .What fans will remember is the fateful week of August 23-30. . .After capitalizing on Oriole mistakes to win the opener (August 23rd) of the 3-game series 9-3, the Blue Jays lost the next evening 7-4 in 10 innings snapping their extra-inning unbealen streak at 9 (12-0 dating back to August '82). . .Including that game the Blue Jays would lose four of their next five in the ninth inning or later. . .Hobbling home to open their longest homestand of the season on August 29th, the Blue Jays found themselves in fifth place, 5 games behind the ever-struggling Orioles. . .So, as the Blue Jays started their streak of 23-straight against the West, they were 75-64 in fifth place, eight games behind the Orioles. . .Down the stretch, the Blue Jays did improve, winning their 79th game (club record) on September 11th vs Oakland, as well as nailing down 4th place on September 30th. . .Their record vs the West in their last 23 games was 14-9.

WINS & LOSSES: The Blue Jays finished the 1983 campaign with a 89-73 record, marking the first time in club history that they have eclipsed the .500 mark. . .The club enjoyed an excellent first half 43-33 (.566) compared with a 46-40 (.535) record after the mid-summer classic held at Chicago's Comiskey Park. . .**HOME** — The Blue Jays posted a 48-33 (.593) record, their best ever. . .**ROAD** — The Blue Jays finished with a 41-40 (.506) record on the road marking the first time in franchise history that the club has been over .500 on the road. . .**OVERALL** — The Blue Jays were one of only four American League clubs to finish .500 or better at home and on the road. . .The others included Baltimore (50-31 home, 48-33 road), Detroit (48-33, 44-37) and Chicago (55-26, 44-37) . . .**vs EAST** — Blue Jays finished at 39-39, their best record ever, including a home mark of 23-16. . .Club won season series from Cleveland (9-4) and Detroit (7-6). . .**vs WEST** — The team also set a cub mark with a 50-34 record, 25-17 at home and on the road. . .They finished .500 or better against all western foes. . .**vs CLUBS** — Blue Jays enjoyed their best records ever against Baltimore (6-7), Cleveland (9-4) and Seattle (8-4) while tying their best records against Boston (6-7), Detroit (7-6), Chicago (7-5), Minnesota (7-5) and Texas (8-4). . .The club's 89 wins tied them for the second most wins by a 4th place major league club since divisional play began in 1969 . . .Baltimore finished fourth in 1978 with 90 wins and the Yankees hit 89 in 1979. . .The National League record is 87 by the '69 Cardinals. . .The Blue Jays were 56-22/.718 when scoring first compared to 33-51/.393 when the opposition scored first. . .After 6 innings the club was 65-14/.823 when leading, 15-6/.714 when tied and 8-52/.133 when losing. . .The club did not lose more than three games in a row prior to August 3rd, encompassing 104 games. . .Blue Jays had stretches of 31 games (April 27-May 16) and 32 games (June 11-July 18) when they did not have back-to-back losses. . .The Blue Jays won 26 series, lost 16 and split 10. . .At home they were 14-5-6 in season series. . .Their 89 wins were a gain of 11 over the '82 total of 78.

NAME THE TEAM CONTEST

The Blue Jays were named in a contest conducted in June and July of 1976. Over 30,000 individual entries were received, suggesting over 4,000 names for the new American League club. From the list of names submitted, specially-appointed panels of judges selected ten names to submit to the Board of Directors. The Directors chose the name "Blue Jays" from that list and announced their decision on August 12th, at which time the team officially became the Toronto Blue Jays Baseball Club.

A total of 154 people submitted the name Blue Jays, and a drawing was held to select a grand prize winner from those who submitted the name. Dr. William Mills of Etobicoke, Ontario, won a pair of season tickets for 1977 and an all-expenses paid trip for himself and his family to watch the Blue Jays at spring training in Dunedin, Florida. Nine runners-up also won season tickets.

BLUE JAYS LOGO

The Blue Jays logo was created by the Toronto design firm of Savage Sloan, Ltd. It depicts a stylized Blue Jay on a red baseball outline incorporating a red maple leaf. The logo features two shades of blue, and red. It was selected to represent three facets of the club's identity: the team name, baseball, and the fact that the team is Canadian.

THE PEARSON CUP

The Pearson Cup Game is an annual exhibition series between the Montreal Expos and the Toronto Blue Jays. The series is named in honour of the late Prime Minister of Canada and Nobel Peace Prize winner, Lester B. Pearson. The proceeds from the game are donated to amateur baseball in Ontario, Quebec and Canada.

The game is played during the season with the site alternating on a yearly basis between the home parks of the two clubs, Olympic Stadium in Montreal and Exhibition Stadium in Toronto. The 1984 game is set for Toronto on Thursday, May 24th at 7:05 p.m.

The series currently stands at 3-1-1 in favour of Montreal following the Blue Jays 7-5 victory at Montreal last season. It marked the first time that the Blue Jays had ever won the Pearson Cup game. Montreal has won the other two meetings at Montreal, a 5-4 10-inning decision in the inaugural match of 1978 and 3-1 in 1980. Montreal's only victory at Exhibition Stadium occurred in 1982 in a 7-3 contest. The 1979 game at Toronto ended in a 4-4 tie after 10½ innings as a result of a curfew due to Montreal's travel schedule. The 1981 game was postponed due to the players' strike.
